## **Health Insurance Marketplace**

Reminder- Special Enrollment Periods in the Marketplace: The deadline for open enrollment was March 31. CMS has clarified that under limited circumstances, people with complex cases may qualify for a special enrollment period. These include, for example, victims of domestic abuse and consumers who were found ineligible for Medicaid, but whose accounts were not transferred to the Marketplace in a timely way before March 31. These special cases are for specific situations where a consumer was not able to successfully complete enrollment during the open enrollment period despite their efforts to do so and through no fault of their own.
